

INDIANA AND MICHIGAN STATE HAPPENINGS

WOULD AID IN
COAL PRODUCTIONUnited Mine Workers Demand
Representation on Gov-
ernment Bodies.

News-Times Special Service:

INDIANAPOLIS, May 23.—Proportionate representation on all government committees appointed to aid in stimulating coal production of the country is demanded by the United Mine Workers of America.

At the same time, charging policy of the coal production committee of the Council of National Defense is inimical to the union organization, the executive board serves notice that it will not abrogate its activities among non-union miners.

The miners object particularly to the appointment of Francis S. Peabody, of Chicago as chairman of the coal production committee, asserting he is unfriendly to organized labor.

The executive committee declares that the organization wishes to aid in increasing the coal production and to avert labor trouble during the war.

SAGINAW WELLS SAFE

Many Were Condemned by Experts
Making City Surveys.

News-Times Special Service:

SAGINAW, Mich., May 23.—Mayor Paddock, as commissioner of health and safety, has received from the Detroit clinical laboratory, which was requested through Dr. W. J. O'Reilly, city health officer, to make special tests of waters from Saginaw deep wells, further reports, showing that all are perfectly safe for use, including that at the corner of Fourth and Cherry. Even the well at Washington and Atwater is pronounced perfectly safe, though the authorities are notified it should be closely watched. These reports cover the balance of the list of deep wells condemned by the state sanitary "experts" who were sent here to make surveys.

MAY CALL GRAND JURY
TO PROBE THE SALOONS

News-Times Special Service:

INDIANAPOLIS, May 23.—Federal investigation which may lead to the calling of the federal grand jury in special session and the prosecution of proprietors of many downtown saloons has been started by L. Ert Slack, United States district attorney, who announced that he had received information that a section of the new conscription bill prohibiting the sale of intoxicating liquor to soldiers in uniform had been grossly violated here Saturday. The investigation was begun after the district attorney was informed that the bars of two large hotels had been crowded with men on leave from Fort Harrison.

"The mothers of these boys have stifled their feelings in sending them to the defense of their country," said Mr. Slack, "and if there is a law—any United States law—on this matter, and there is, there will be an end at once to selling liquor to them."

TO MAKE ALL CHEMICALS

Experts Organize to Make America
Independent of Germany.

News-Times Special Service:

EAST LANSING, Mich., May 23.—Twenty-five professors and assistants at the Michigan Agricultural college and 10 chemists in the six counties surrounding the college have banded together into a branch organization of the American Chemical society to engage in research work with the object in view of helping to make America take the place formerly held by Germany in the manufacture of chemicals and chemical supplies.

Pres't F. S. Kedzie of the college has been selected to represent the new society at all meetings of the national body. D. T. Ewing was elected president; Prof. R. C. Huston, vice president; W. P. Wood, secretary, and O. B. Winter, treasurer.

MOVE TO MAKE ROOM
FOR TENTH INFANTRY

News-Times Special Service:
INDIANAPOLIS, Ind., May 21.—Indiana candidates for the officers'

Exiles Return to Free Russia

RUSSIAN EXILES

Now that Russia has overthrown the czar and his autocratic government, thousands of Russian exiles from all parts of the world are thronging back to their native land. Several hundred exiles who have been living in the United States recently sailed from San Francisco. The photograph shows a group of the more distinguished exiles. Left to right, they are Basil Semexoff, who is known among Russians in this country as the "Father of the Revolution"; Noria Cherniak, Mme. Zena Morarsky, a noted Russian suffragist and journalist, and Israel Bryllon, who has been a leading Russian journalist in the United States. He served nine years in Siberia for political offenses and subsequently escaped to America by way of China.

OLD MAIDS TO CONVEY
AT BERRIEN SPRINGS

News-Times Special Service:

NILES, Mich., May 23.—An annual convention and picnic dinner of "old maids" was to be held Wednesday at the home of their former classmate, Mrs. William Willman, at Berrien Springs. Among those who will attend will be Miss Kate Ransom of this city.

Misses Lena and Anna Miller have returned from Chicago, where they were called by the death of their brother-in-law, J. O. Buck.

Mrs. Walter Yeakle and children will leave Wednesday for a visit in Lafayette, Ind. They will be accompanied by her brother, Sergt. Kelley, who will return from there to Fort Harrison to join the officers' reserve corps.

Miss Maude Whiteman underwent an operation at Epworth hospital in South Bend, Tuesday. Her mother, Mrs. H. S. Whiteman, and her sisters, Mrs. Addison Whiteman and Leavitt Brown accompanied her to the hospital.

Miss Hazel Scott has gone to Detroit and Ypsilanti for a visit with friends.

Leo Deegan, who has been night ticket agent at the Michigan Central station, has been transferred to Detroit.

Miss Caroline Wilson, for two years war correspondent for the Chicago Tribune, will give an address in Niles on Monday evening, May 28, on the subject, "Life Behind the Lines." She will talk on her experiences in Europe. The proceeds from the lecture will be given to Red Cross work.

WILL GROW POTATOES
FOR \$1 PER BUSHEL

News-Times Special Service:

LANSING, Mich., May 23.—There are many farmers in Michigan willing to grow potatoes on a contract basis of \$1 a bushel, according to letters received by State Market Director M'Bride. Mr. M'Bride expresses the belief that he can arrange for the delivery of many thousands of bushels of the spuds at the rate of \$1 a bushel.

Mr. M'Bride said that he expected to confer in Detroit shortly with Emory W. Clark and Judge Lacey, who made a suggestion to the state food preparedness board recently that the price of potatoes could be materially reduced if they were contracted for in the spring.

JEALOUSY CAUSED MURDER

Aged Man Confesses to Child's

Death Said to be Revenge.

News-Times Special Service:

DETROIT, Mich., May 23.—A complete confession of the killing last Tuesday of little Edward Barber, four years old, was made, according to the police, by Harry H. Seon, 54 years old, who was taken into custody the day following the discovery of the child's body in an abandoned house on W. Columbia st. Seon's statement, according to the police, gave jealousy of the boy's sister as the motive for the crime. Seon, the police say, declared that he had heard the sister was going with a young man and he decided to kill the boy in revenge.

The police were told that Seon had slept in the abandoned house ever since being ejected from the Barber home, where he was a boarder and roomer.

RUSH CROP NECESSITIES

Seed and Fertilizers Given Right of

Way by Railroads.

News-Times Special Service:

LANSING, Mich., May 23.—Shipments of seed and fertilizers on Michigan railroads are unquestionably being given the right of way, according to reports coming to the food preparedness committee.

Charles E. Webb, the committee's transportation expert, has been busy for several days tracing cars which apparently were delayed. In every instance he says he has received the cooperation of the operating officers of the railroads and has been able to drag cars which were apparently lost out of obscurity and put them in the hands of waiting consignees.

DERAILMENT HURTS FOUR

Speeding Car Leaps From Track

and Demolishes Building.

News-Times Special Service:

DETROIT, Mich., May 23.—Four persons were slightly injured and a serious wreck narrowly averted when a D. M. & T. shore line suburban car, running at 40 miles an hour, jumped the track near Wyandotte early Monday.

As the eastbound car left the track and plunged into a building a few yards away, the conductor jumped from the car and ran back to warn the motorman of a local car following, who brought his car to a stop within a few feet of the wreck.

CONSIGN BELGIANS' CAPS

News-Times Special Service:

ANN ARBOR, Mich., May 23.—The annual cap-night celebration at the university of Michigan will this year differ in one particular from

reserve corps today moved from the permanent barracks at Fort Benjamin Harrison into temporary cantonments in order to make room for the 10th Infantry, which will go into camp tomorrow. Commanded by Col. Devore, the Indiana troops traveled by sea from the Panama canal zone and landed at an unnamed American port last Saturday. The regiment is to be divided and two battalions will be selected for the nucleus of two new units, the 45th and 46th Infantry.

News-Times Special Service:
BENTON, Harbor, May 23.—A plan to secure a camp for the state troops of Michigan and Indiana in this county is now being launched by prominent Benton Harbor citizens. E. K. Warren, the Three Oaks millionaire, owns a large tract of land along the lake shore which it is said would be desirable for such a purpose.

Postmaster Harvey J. Campbell has written to Cong. Hamilton concerning the location of the cantonments in Berrien county and Victor M. Gore, who has interested himself in the matter, has taken it up with Mr. Warren.

INDIANA SCH. L'S WILL
BE IN WOMEN'S HANDS

News-Times Special Service:
INDIANAPOLIS, May 23.—The schools of the state will be in the hands of women teachers in the fall. Already, reports reaching the state board of education indicate that there will be a "famine" in male teachers. Many of the prospective male teachers who graduate from college this spring, have already enlisted for the war. Many of the older teachers, particularly the unmarried teachers, also have enlisted. In many schools, it is predicted, only women will be found as teachers.

TWO INJURED, HOUSES
RUINED BY TORNADO

News-Times Special Service:
ANDERSON, Ind., May 23.—Two persons were hurt and several residences were damaged at Lapel Tuesday when a small tornado dipped into one corner of the town. Raymond Woodward, a merchant, with his family was at dinner when a window pane severely cut Woodward. Harvey Male was in a greenhouse that was wrecked and was brought to a hospital here suffering from severe cuts. Three barns near Lapel were unroofed. In Anderson there was some property damage from wind.

all previous occasions. The freshmen will not consign their little gray caps to the flames as a ritualistic shuffling off of their freshman estate, but will deposit them in a huge box for shipment to Belgium. There will be the usual bonfire, the marching, the singing and the speech-making—in fact, all the spectacular features of the great ceremonial, but the headgear will be conserved for such purposes as the Belgians may employ it.

WIND BLOWS FACTORY
DOWN; LOSS \$3,000

WINDELL, Ind., May 23.—The factory of the Royal Canning Co. was blown down with a loss of more than \$3,000 by a high wind Monday afternoon. Two men who were in the boiler room of the factory when it was demolished, escaped uninjured. The wind did a great deal of damage to wires and communication was imperfect at midnight last night.
